Date	Age	Life Event
1953		Claudia married James Rolling when she was only 19 years old. James was a local police officer who beat his wife on occasion. Claudia was found with child two weeks into the couple’s marriage, which angered James. Throughout the pregnancy, husband James beat Claudia. Claudia left James, but returned to continue the marriage.
May 26, 1954	0	Danny Rolling was born in Shreveport, Louisiana following a difficult delivery, which consisted of the use of forceps. Danny was the older of two sons. Following Danny’s birth, James was verbally abusive to Danny, because James did not want children.
Nov. 1955	1	The first incidence of physical abuse towards Danny was when Danny started crawling. James did not like the way that his son was crawling and beat him.
Aug. 15, 1955	1	Danny’s mother gave birth to a second son Kevin. James seemed to be more violent towards Danny after the birth of Danny’s brother.
1958	4	Claudia left James due to the abuse. Claudia stayed away for six

		months until she listened to James' pleas and returned home.
Dec. 1959	5	Several things took place at this point in time. Danny's father tied him up about six times in a six-month time period. In another situation, Danny tried stealing a candy bar, but was caught by his parents and made to return to the store and apologize to the owner.
		James found a puppy while at work and took the dog home. Danny became fond of the dog and was glad to have something to confide in. James constantly beat the dog, according to Danny and neighbors. James later killed the dog by repeated torture, and the dog actually died in Danny's arms.
1959		This is the first reported case of James refusing to hug or show affection to his son Danny. James believed hugging was sissy stuff and refused to hug his own son.
1962	8	Now living in Columbus, Claudia left James again because of his violent behavior. They eventually got back together and moved to Shreveport. Claudia admitted later in court that Danny was suffering physical abuse at least once or twice a week at the hands of his father. The children were not allowed to have birthdays or holidays.
Dec. 25, 1963		Because the violence was so bad, Claudia left James again with both boys. She packed the Christmas tree in the car and left, but she did not stay gone long.
1963	9	Claudia suffered from a nervous breakdown. Danny failed the third grade for repeatedly missing school due to illnesses. School counselors described Danny as "suffering from an inferiority complex, with aggressive tendencies and poor impulse control." It was recommended that Danny receive counseling, but he never did. Claudia again left with the boys, but she went back to James two weeks later. Danny began to use his artistic talent he shared with his mother to create a world of his own.
1964	10	In an attempt to teach the boys how to drive, James slapped Danny in the face and berated him for not knowing how to use the clutch. Danny failed the third grade again. During this time, Claudia left James once again, and Danny begged his mother not to return home.
1965	11	Danny walked in on his parents having an argument. His mother slit her wrists with a razor and then locked herself in the bathroom. James knocked down the door and continued to argue with Claudia. Rolling watched as his mother laid on the floor bleeding. Claudia was committed to a hospital. Danny tried to stop his father from beating his mother, and in return, was beaten for interfering. Danny began to play the guitar and would sing his prayers. He started to fantasize about sadistic violence. The fantasies became more sexually violent. Danny began to have a serious alcohol problem. He stole the alcohol or got it from friends.
Aug. 1966	12	James beat Danny for not receiving a hair cut for school. He beat

		Danny with a belt buckle and shaved his head. Kids teased him as a result and called him names such as “Sasquatch” or “Bigfoot.” Danny’s father attempted to kill his mother.
Sept. 1966		Danny’s father found him drinking with a friend. Danny was dragged home by the neck and thrown in jail for two weeks. Danny refused to talk to his mother. He grabbed a nap sack and ran away from home. Danny spent his first night in the nearby woods. He masturbated to fantasies of killing people and controlling them. He returned home when hunger overwhelmed him.
1967	13	Danny and his brother, Kevin, were handcuffed together on the floor after not cutting the grass to their father’s liking. While their father knelt on their lungs, Danny pleaded with him to stop and threatened suicide.
1968	14	Danny saw a naked girl for the first time and began peeking through a neighbor’s bathroom window and was caught twice by neighbors. Father caught Danny and beat him up on the ground. Danny was still being beat by his father and attempted suicide, but failed. Danny had dreams of people beating and torturing him with demons going through him. Danny was thrown out of his home by his father after a fight over whether he could wear jeans to church. Danny’s mother snuck him back home at night.
December 25, 1969	15	Danny got a guitar for Christmas and taught himself to play and write his own songs. Danny got a job at Dairy Queen, which he had to quit after a week because his father made him after Danny’s grades dropped. Danny became more dark and aggressive.
1970	16	Danny was thrown in jail after his father caught him drinking with a neighbor.
February 17, 1971		Danny hunted and killed many animals, including shooting a snake, and was arrested again for intoxication.
March 1, 1971	17	Danny threatened his father that if he did not sign him up for the Navy, he would run away from home for good. He had dropped out of high school by this time, but received his high school equivalent.
June 28, 1971		Danny failed the Navy enlistment test and joined the Air Force in Lackland Air Force Base in Texas. He worked Security police and Strategic Air Command at Homestead AFB, Florida. Became Airman First Class Rolling, tripped on acid over 100 times, and did other drugs.
1972	18	Danny was locked up for a drug possession charge and for disobeying orders, lost stripe, and was diagnosed by a psychiatrist as having a personality disorder. He was forced to leave under honorable discharge. Lost virginity when high off LSD and regretted it the next morning.
1973	19	After discharge, returned to Shreveport to live with grandfather and found religion at Pentecostal Church. Danny was baptized and became involved in many church activities. Met Omatha Ann Halko, who he thought God gave to him.

Sept. 6, 1974	20	Married Omatha Ann Halko, who was pregnant.
1975	21	Daughter Kiley Danielle was born, and Danny began to feel the pressure of working 2 jobs to support them. Danny began drinking and smoking marijuana again, left church and acted so irrational that Omatha became afraid of him (he would threaten her life). Danny would run off for hours or days without telling her anything.
1976	22	Danny was caught peeking in windows and returned home to his wife by an officer. Danny claimed he saw weird things (UFO, demons, Jesus, ghosts). His wife called his parents when he stopped going to work and his father came to the house and put a knife to his throat.
1977	23	Danny put a gun to his wife's head when she said she was going to leave him. He threatened to kill her and ex-boyfriend when he caught them having an affair. Beat up ex-boyfriend and Omatha after she threatened to leave him, then turned the gun on himself; she begged him to stop. Omatha filed for separation and this was devastating to him. They were divorced six months later. Danny committed his first rape on a woman who resembled Omatha. Danny got in bad car accident that resulted in a woman's death and was tormented by this incident.
1978	24	Danny became suicidal, but could not complete the act. He started to date Mary Lynn (17) and went to church with her. Danny began to commit numerous robberies, and wished he were shot while committing these crimes.
May 25 1979		He robbed a Winn Dixie supermarket in Montgomery, Alabama of \$800.00
May 31 1979	25	He robbed another Winn Dixie in Columbus, Georgia. Half of an hour later, he was arrested by three officers and confessed to the armed robberies in Alabama, Georgia, and Louisiana.
July 31 1979		Danny was sentenced to two concurrent 6 year terms for armed robberies. The first time his mother saw him in prison, she described him as thin and distressed. By her second visit, he had put on weight and was bodybuilding. He seemed to have learned to cope with prison life.
August 20 1979		Danny was processed into the Georgia prison system at the Medical Classification Canter in Jackson, Georgia.

He made it out of Alabama, but was caught 3 days later in Natchitoches, Louisiana. Danny was immediately sent back to the Alabama Classification Center. He remained there for 3 months until being sent to the Staten Correctional Facility. He earned a good reputation there as a boxer; he never lost a fight. January 15 1985		Danny Traveled to Camarillo, California to visit his aunt, uncle, and cousin. He then hitchhiked all around for about 6 or 7 months, visiting more family in Florida. Dec. 24 1989		Danny and James Rolling were fighting. Danny left to wander the streets. He came upon a house where he had watched a woman undress before and broke in. No one was home. While waiting for her to return, he watched television, listened to her stereo, and sampled her vast collection of alcohol.
